### **Douglas Unveils Vantra™ IM Cartoner**

ALEXANDRIA, MN. (November 24, 2014) – Douglas' innovative Vantra IM is a compact, economical intermittent motion cartoner with the flexibility to setup, load, and close cartons and trays at speeds up to 55 per minute within a single platform. The versatile Vantra IM can be integrated with various infeed options to gently handle cans, bottles, cartons, bags, flat-flow wrapped product, and more, including applications requiring multiple manipulations.

The Vantra IM is designed with a hygienic sheet metal frame and standoff bearing mounts to accommodate the customer's specific washdown requirements.

#### **About Douglas Machine Inc.**

Founded in 1964, Douglas Machine Inc. is recognized as a global leader in automated secondary packaging solutions for paperboard, corrugated, and shrink film. The company specializes in the design and manufacture of cartoners, sleeves, case/tray packers, and shrink-wrap systems. Based in Alexandria, MN, Douglas is an employee-owned company that has installed more than 7,000 machines in 30 countries. For more information, visit [www.douglas-machine.com](http://www.douglas-machine.com).

Email Douglas Marketing at [updates@douglas-machine.com](mailto:updates@douglas-machine.com) for additional information regarding the Vantra IM.
