Douglas and Dairy ... a successful partnership

ALEXANDRIA, MN. (January 21, 2016) – The Douglas Vectra™ Cartoner is the dairy industry's solution for market versatility. Its sanitary design is ideal for packaging fresh and extended shelf life milk products into multipack cartons. The Vectra platform handles product in gable top cartons, PET bottles and aseptic bricks. Douglas' top-notch service and support, through 100% commitment, ensures continued machine performance.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of cartoners, sleeves, case/tray packers and shrink-wrap systems. Based in Alexandria, MN, Douglas is an employee-owned company that has installed more than 7,000 machines in 30 countries. For more information, visit www.douglas-machine.com.
